

# DENTACARE

Helps prevent employee absence

We understand that employers need to balance benefit cost against the value it brings to their business. A dental plan is an ideal way to encourage employees to access regular dental care. This helps to prevent absences from work to fix dental problems. DentaCare offers a simple solution to dental care with a choice of treatment levels and funding options to suit different needs.

## Level 1

Makes NHS dental charges more manageable.

## Level 2

Contributes to lower cost private dental charges.

## Level 3

Contributes to mid cost private dental charges.

## Level 4

Contributes to higher cost private dental charges.

## Simple claims procedure

No need to call for pre-authorisation unless for oral cancer or implant claims.

Claims can be submitted online via the My Claims section of the member portal.

Or they can be submitted by email or post:

1. A qualified dental staff member completes and signs the treatment section of the claim form.
2. The member signs the completed form and returns to Cigna with itemised receipts.
